
The Native Hawaiian Science & Engineering Mentorship Program (NHSEMP) is located at the UH Manoa College of Engineering. Our goal is to create leaders in the Native Hawaiian and Pacific Island communities through academic achievement in the fields of Science, Technology, Engineering, and Mathematics. NHSEMP provides its students with academic support, financial support, and overall assistance during their time at UH Manoa. In order to assist in the success of our students, we ask that you take a few minutes to provide us with some information on this student's current academic progress in your course.

If you have any questions regarding this form or NHSEMP, please feel free to contact Joshua Kaakua (NHSEMP Director) at 956-2289 or by email at jkaakua@hawaii.edu.
Mahalo for your time and cooperation.
